

2022 Ukraine “Dream” Aircraft

Dream Aircraft

Ukrainian Dream

This stamp was released for Ukraine’s 30th anniversary of independence. It was chosen as part of a contest with the theme “What is Ukraine for me?” The winner (out of 10,000 entries) was 11-year-old Sofia Kravchuk. It pictures the world’s largest and most powerful transport aircraft, Ukraine’s AN-225 *Mriya* (“Dream”). The plane was destroyed by Russian shelling in February 2022, but Ukraine promised to rebuild it someday.
